School admissions: Parents who might be making an application for their children's entrance to Bishop Luffa School at any time in the future are reminded that, unless they are already using the register, they should write a note now to Fr Richard at the Parish Office stating this possible intention with names, dates, etc. to be placed on file.

They should also make sure that they begin to use the attendance register about 2 ½ years before the projected application, and are advised to check the school's admissions policy on the website.

Fr Richard is deeply sorry that these distasteful formalities are necessary for his accurate completion of the Church Support form in due course. Any ideas for a less offensive but equally objective and true way of doing so would be welcome!
